This student has asked you to provide an assessment of his/her suitability as a participant in the one-week MSU Explore: Earth and Space Science summer camp.

We are interested in mature, responsible, and motivated students who have demonstrated past academic achievement, or whom you feel are academically promising but whose grades may not currently reflect this.

The deadline for applications to the MSU Explore: Earth and Space Science Camp is Friday, April 27, 2018, please complete this form and return it before that date.
